Credit Recovery Courses

Our credit recovery courses are self-paced, objective-driven courses. Pre-tests allow students to omit what they've mastered so they can focus on what they need to learn. To enroll in a credit recovery course, students must have previously enrolled and unsuccessfully completed (or failed) the course.

Key: A = First semester of a full-year courses, B = Second semester of a full-year course

*Course usually does not earn high school credit. Verify your school will grant credit before you enroll.

Full-Semester Courses

This wide range of core subjects and electives let students pursue an area of interest or get ahead in their studies. Typically, semester courses worth 0.5 credits take about 18 weeks (45-60 minutes per day/5 days a week for high school) to complete. Faster completion means the same study hours done in a shorter time so pacing should be planned accordingly.
